The awards will be made in partnership with a number of departments, faculties and centres for doctoral training that may, exceptionally, enhance an award to bring it up to the Overseas Course Fee rate.

### How to apply

There is no separate application process. Applicants, whether internal or external, should apply to the University of Oxford under the [standard procedures](#) for graduate degrees for 2024-25. Applications must be made by the January deadline for your chosen course and all eligible applications will be considered. If there are two or more candidates of equal academic merit, priority will be given to the candidate who has listed Wolfson as their first-choice college on the University application form.
