

AMREF INTERNATIONAL UNIVERSITY
DIPLOMA IN COMMUNITY HEALTH PRACTICE
STUDENT PROFILES FOR WOLFSON BURSARY 2019

Tumpes Eunice Silole: , 20 year old Maasai girl from Kajiado, taking a diploma in Community health as of September 2019 at Amref International University

“I come from a family of a single mother and three siblings. A first born in a house of four children. My father passed on in 2005 when I was six years old. We have been raised up by a widow with the help of my uncles.

I was born in Ewuaso, Kajiado County but currently living in kibiku. I went to kibiku primary school where I did my KCPE and proceeded to P.C.E.A Kimuka Girls High School where I did my KCSE.

Have had school fees problems throughout my high school life since my uncle who is in charge of my school fees had also children who needed school fees. I had tried to cope up with the problems until I did my KCSE where I got a C plain.

By good luck I got a scholarship from one of the well-wishers of Amref international university which made me happy because I had no one to take me to the university. From there I decided to do community health as a course so that I may go back to my community and serve them.

Award: Partial Scholarship £1500

Apeyo Martha Ewoy: 23-year-old Turkana girl taking community health as of September 2019 at Amref International University.

“My name is Apeyo M Ewoy from Kachodin Location, Lokori division, Turkana East in Turkana County. I went to St Kevin’S Secondary School in Lodwar and i had passion of studying community health and become a community health officer. I decided to do a health education so that it builds my knowledge, skills and have positive attitudes towards health, doing community health will motivate me to improve and maintain the health of my community and teach them on how to prevent disease and reduce risk behaviour. I will promote healthy living by working on my community and bring the greatest health benefits to the greatest number of people in need and report the centre's for disease control and prevention to my community”

Award: Partial Scholarship £1500
