Mobile Phone, Electronic Device and Social Media Policy

This policy refers to all electronic devices able to take pictures, record videos, send or receive calls and messages. This includes cameras, mobile telephones, tablets and any recording devices including smartwatches. More and more devices are technically, capable of connecting us to the outside world. We will adapt the policy to include all devices we deem required to safeguard children.

Note regarding ‘Fit bits’ and similar devices: Ones that receive calls and messages are not allowed but ones that only count steps are.

Mobile phones and other devices that accept calls, messages and video calling

At Wolfson College Day Nursery we promote the safety and welfare of all children in our care. We believe our staff should be completely attentive during their hours of working to ensure all children in the nursery receive good quality care and education.

To ensure the safety and well-being of children we do not allow staff to use personal mobile phones, smartwatches and/or fit bits during working hours.

This policy should be used in conjunction with our Safety Online Policy to ensure children are kept safe when using the nursery devices online

Staff must adhere to the following:

- Mobile phones/smartwatches/fit bits are either turned off or on silent and not accessed during your working hours
- Mobile phones/smartwatches/fit bits can only be used on a designated break and then this must be away from the children
- Mobile phones/smartwatches/fit bits should be stored safely in staff lockers or in the nursery safe (switched off) at all times during the hours of your working day
- The use of nursery devices, such as tablets, must only be used for nursery purposes
- The nursery devices will not have any social media or messaging apps on them
- Any apps downloaded onto nursery devices must be done only by management. This will ensure only age appropriate and safe apps will be accessible to staff or children using them
- Passwords / passcodes for nursery devices must not be shared or written down
- During outings, staff will use mobile phones belonging to the nursery or the outings designated leader. Photographs must not be taken of the children on any personal phones or any other personal information storage device. Only nursery owned devices will be used to take photographs or film videos
• Nursery devices will not be taken home with staff unless permission has been granted by the manager and will remain secure at the setting when not in use. If a device is needed to be taken home due to unforeseen circumstances and this has been approved by the manager, then the person taking this device home must ensure it is securely stored and not accessed by another individual and returned to nursery as soon as practically possible.

Parents’ and visitors’ use of mobile phones and smartwatches

Whilst we recognise that there may be emergency situations which necessitate the use of a mobile telephone, in order to ensure the safety and welfare of children in our care and share information about the child’s day. However parents and visitors are kindly asked to refrain from using their mobile telephones whilst in the nursery or when collecting or dropping off their children.

If you are found to be using your phone inside the nursery premises you will be asked to finish the call or take the call outside.

We do this to ensure all children are safeguarded and the time for dropping off and picking up is a quality handover opportunity where we can share details about your child.

Visitors are requested to leave their mobile phones or smart watches in the staff room, office or nursery safe.

Photographs and videos

At Wolfson College Day Nursery we recognise that photographs and video recordings play a part in the life of the nursery. We ensure that any photographs or recordings taken of children in our nursery are only done with prior written permission from each child’s parent and only share photos with parents in a secure manner. We obtain this when each child is registered and we update it on a regular basis to ensure that this permission still stands.

We ask for individual permissions for photographs and video recordings for a range of purposes including: use in the child’s learning journey; for display purposes; for promotion materials including our nursery website, brochure and the local press and the different social media platforms we use. We ensure that parents understand that where their child is also on another child’s photograph, but not as the primary person, that may be used in another child’s learning journey.

If a parent is not happy about one or more of these uses, we will respect their wishes and find alternative ways of recording their child’s play or learning.

Staff are not permitted to take any photographs or recordings of a child on their own information storage devices e.g. cameras, mobiles, tablets or smartwatches and may only use those provided by the nursery. The nursery manager will monitor all photographs and recordings to ensure that the parents’ wishes are met and children are safeguarded.

Photographs or videos recorded on nursery mobile devices will be transferred to the correct storage device to ensure no images are left on these mobile devices.

Parents are not permitted to use any recording device or camera (including those on mobile phones or smartwatches) on the nursery premises without the prior consent of the manager.

During special events, e.g. Christmas or leaving parties, staff may produce group photographs to distribute to parents on request. We ask that photos of events such as Christmas parties are not posted on any social media websites/areas without permission from parents of all the children included in the picture.
Social Networking

EYFS: 3.4

Social media is becoming a large part of the world we live in and as such at Wolfson College Day Nursery we need to make sure we protect our children by having procedures in place for safe use.

Staff use of social media

We require our staff to be responsible and professional in their use of social networking sites in relation to any connection to the nursery, nursery staff, parents or children.

- When using social networking sites such as Facebook or Instagram staff must:
  - Not name the setting they work at
  - Not make comments relating to their work or post pictures in work uniform
  - Not send private messages to any parents/family members
  - If a parent asks questions relating to work via social networking sites, then staff should reply asking them to come into the setting or contact the manager
  - Ensure any posts reflect their professional role in the community (e.g. no inappropriate social event photos or inappropriate comments i.e. foul language)
  - Report any concerning comments or questions from parents to the manager/safeguarding lead
  - Follow the staff behaviour policy
  - Not post anything that could be construed to have any impact on the nursery’s reputation or relate to the nursery or any children attending the nursery in any way
  - Not connect with any parents of the nursery while they remain employed by the nursery.

- If any of the above points are not followed then the member of staff involved will face disciplinary action, which could result in dismissal.

All electronic communications between staff and parents should be professional and take place via the official nursery communication channels, e.g. the setting’s email addresses and telephone numbers. This is to protect staff, children and parents.

Parents and visitors’ use of social networking

We promote the safety and welfare of all staff and children and therefore ask parents and visitors not to post, publicly or privately, information about any child on social media sites such as Facebook, Instagram and Twitter. We ask all parents and visitors to follow this policy to ensure that information about children, images and information do not fall into the wrong hands.

We ask parents not to:

- Send friend requests to any member of nursery staff
- Screen shot or share any posts or pictures from the nursery on social media platforms (these may contain other children in the pictures)
• Post any photographs to social media that have been supplied by the nursery with other children in them (e.g. Christmas concert photographs or photographs from an activity at nursery)

We ask parents to:

• Share any concerns regarding inappropriate use of social media through the official procedures (complaints policy).
