What is Welfare?

If you have doubts or concerns to work through, or just need an impartial, completely confidential ear to listen, we’re here to help you out. The Welfare Team runs the Chocolate & Teddy Bear Fairy and events such as Coffee & Cake every Wednesday and Movie Nights aimed at getting the Wolfsonian community to relax and unwind.

What is the difference between a Welfare Officer and a Peer Supporter?

Welfare Officers are employed by the college to help you with academic or personal issues and put you in touch with the right people. Peer supporters are trained by the counselling service in effective listening (with empathy and without judgement). Some Welfare Officers are both!

Hi, I am a 4th year PPhil student in History. As part of the Welfare team, I will be happy to help with any doubts or problems that might pop up. No topic is too big or too small! Just send me an email or look for me around college in general, the Wolfson Cafe or the bar (I hang in all these places a lot). Cheers!
