

Ken and Veronica Tregidgo Scholarship in Atomic and Laser Physics

Further Particulars

This scholarship is made possible thanks to the generosity of Wolfson alumnus Ken Tregidgo.

Degree type and subject

The Ken and Veronica Tregidgo Scholarship in Atomic and Laser Physics, offered in partnership with the Clarendon Fund for 2026-2027, are open to any applicants who are applying to undertake a DPhil in Atomics and Laser Physics, based in the Department of Physics.

Value of awards

Course Fees and a grant for living costs for full-time students up to the UKRI Minimum Doctoral Stipend (£20,780 in 2025-26) for the duration of fee liability; part-time students will receive a proportional study support grant. Previous Oxford students are advised to check the [University's Fees and Funding pages](#) for any applicable adjustments to fee liability resulting from prior study.

Partnership

These scholarships are offered in partnership with the Oxford University Clarendon Fund.

How to apply

There is no separate application process. All applicants should apply to the University of Oxford under the [standard procedures](#) for graduate degrees for 2026-27. Applications should be made by the January deadline for your eligible course. If there are two or more candidates of equal academic merit, priority will be given to the candidate who has listed Wolfson as their first choice college on their University application form. The Scholar will become a member of Wolfson College for the duration of their studies.
